Risk Disclosure

CryptoWala does not endorse or promote any third-party information or advice listed on the Platform, nor does it make any recommendations regarding the advice or suggestions provided to users of the Platform. Any information or advice shared on the Platform should not be interpreted as an offer by CryptoWala to sell, solicit, or make an offer to participate in any opportunity or trade.

CryptoWala does not provide business, tax, or legal advice to users of the Platform. Buying, selling, and transacting in cryptocurrency involve a high degree of risk, including the potential loss of capital. Users are encouraged to conduct their own independent research and make financial decisions at their own discretion.

CryptoWala makes no representation, warranty, or guarantee regarding the quality, accuracy, completeness, performance, or reliability of any alerts, articles, views, videos, information, advice, tools, calculators, analyses, reports, data, content, news, prices, statistics, comments, feedback, advertisements, or other materials provided on the Platform.

Users acknowledge that past performance is not indicative of future results, and there is no assurance that any strategy or method will achieve its intended outcomes. Certain information provided may contain "forward-looking statements" that reflect expectations or predictions about future events. However, due to various risks and uncertainties, actual events or results may differ significantly from those projected in such statements. Therefore, users should not rely solely on these forward-looking statements.

Any use of the information and content provided on the Platform, as well as any related decisions, are made at the sole discretion and risk of the user. The information provided is strictly for informational purposes. Opinions or views expressed on the Platform or through social forums such

as blogs, FAQs, Facebook, Twitter, Instagram, and YouTube represent the views of the individuals and not CryptoWala. CryptoWala is not responsible for the accuracy or content of any third-party materials.
